Beyond Demons And Angels

Cupola Gallery
178a Middlewood Road, Sheffield, S6 1TD, UK
February 11th - March 11th 2017

You are cordially invited to Bruce Rimell's new exhibition **:: Beyond Demons and Angels ::** at Cupola Gallery, Sheffield, UK this coming February and early March.

His first solo show in nearly five years, this retrospective explores in vivid and vibrant imagery what happens when one steps beyond the boundaries of the everyday to look within, when you voyage beyond the dualities, moralities and identities within yourself to commune with the wordless, living images enfolded into each human being.

Along with some of his best works from the past five years, previously unseen works from the 'Fernal World' series will also debut at this show, as well as new works from this year, including the eponymous 2016 work 'Beyond Demons And Angels'. The exhibition will also showcase his Dual Image Medium, with more artworks of this type on display in a single show than ever before.

An open event takes place on Friday 10th February at 7.30pm. Come and see, and commune with shimmering animisms, playful gods and mythical life-affirming magic!
